Dear Colleague,

It is our pleasure to invite you to the upcoming Nordic AML meeting, which will be held in Bergen, Norway, on August 24th and 25th, 2023, at the Radisson Blu Bryggen.

The Nordic AML meeting is a unique opportunity to learn about the latest clinical and scientific developments in the field of AML. The meeting will feature great keynote speakers from both Nordic countries and around the world. We will have an exciting program that covers a broad range of topics, including novel therapies, clinical trials, genetics, and molecular biology.

We are also excited to offer a poster session, and submission is still open. In addition, poster presentations from previous conferences as well as interesting case reports are welcome. Posters/ case reports are to be submitted to: namlgewg@gmail.com. The deadline for submission is 1st of August.

The meeting will be a great opportunity to network with colleagues from across the Nordic region and beyond. We hope that you will join us in Bergen for what promises to be a stimulating and informative event.
